LEARNING OUTCOMES:

Upon successful completion of this course, it is expected that students will have gained sufficient knowledge and skill to function as Paramedics in a competent and professional manner. By the end of the course, the student will be able to:

- Perform a vehicle safety check
- Safely operate an ambulance
- Describe the qualities of good research
- Explain the different roles that a Paramedic can fulfill other than practicing Paramedicine as a member of a 2-person land ambulance crew
- Describe the hiring process utilized by local industry providers
- Access workplace support services
- Perform Basic Life Support techniques as part of a multidisciplinary team
- Display the knowledge necessary to achieve success when writing provincial or National licensing exams

GRADING

Students will receive a grade based on their engagement in each class, as outlined in the *Engagement Points Rubric*. A minimum of **70%** must be attained to receive a passing grade for PCP-100 Professional Prep.

Class Engagement 100%

EXPECTATIONS & TIPS FOR SUCCESS

Academic Standards and Workload: Appropriate professional tone is expected on all student submissions and examinations. This is to help build strong professional practice skills.

Class Protocol: Students are expected to be courteous & respectful of others, and mindful that a classroom, no matter the venue, is a shared working space with the primary goal of learning. Unnecessary distractions are to be minimized – that includes turning off cell phones and other distracters during lectures unless permission has been granted by the instructor.

Tardiness is strongly discouraged as it is in the Paramedic workplace. If for some reason you arrive late, please wait and enter the class during break.

Unless otherwise notified by the class instructor, attendance to all classes is mandatory. Absences will be dealt with on a case-by-case basis.
